EnkiE Entertainment Inc.: Website: Facebook: Twitter: Google+: May 15 (Yonhap) -- South Korea's living costs in food, housing and education are expected to climb this year due to increased imports and an expected stronger currency, the government said on Wednesday. Statistics Korea said on Tuesday that the nation's food inflation will likely increase 2.4-percent to 3.2-percent in the first quarter of the year from the same period last year, on account of a weak won and high oil prices. Looking ahead to the second quarter, the government predicted annual food inflation would

rise to 4.5-percent by year-end, while private-sector economists are also eyeing a double-digit rise. That projection was based on higher imports and sluggish domestic growth in the food industry, along with the first consecutive budget deficit in over a decade. President Lee Myung-bak, who met with lawmakers to discuss the rising costs of living, is expected to propose a supplementary budget to prevent the economy from suffering. The government on May 9 unveiled a budget deficit of 8 trillion won (\$7.2 billion) for the 2012-2013 fiscal year and forecast an economic growth rate of 5.2-percent, the smallest in seven years. With the economy slowing down, consumer spending is being squeezed and inflation is expected to rise. Amid the volatility, the government has been taking measures to alleviate the rising living costs of ordinary people. The government raised minimum wages for fast food and clothing workers, as well as agricultural and fishery workers,

Cyprian Walker, your name is forgotten in this era. Although you were the cherished heir of a noble family, your father was killed in the war during the unification of the Dominion of Zion, leaving a political crisis in your family. Upon the order of your two grandmothers, you were raised in the form of a nobleman.

Once acclimatized to your present surroundings and gaining your proficiency in battle, you learn that you are in fact an offspring of the Starseeker, a powerful hunter of the ancient heroes. You receive a glimpse of the truth regarding your father, which has an important effect on your future. From then on, you set out to learn the art of combat and walk the path of your destiny...

Harvest your spirit when you prove yourself on the battlefield of the Elder Lands. Interact with the many people you meet on your journey, and become a part of their worlds and play too!

What are we talking about?

1) AN ONLINE ACTION RPG: Even in an age of games, the ground-breaking dev. team of Crypt of the Necrodancer takes them to the next level by using an online connection to allow two players to coexist within a single playthrough. This action RPG features seamless, asynchronous online play to accommodate a light RPG to hardcore players alike, as well as a Battle Royale mode on the lowest difficulty setting.

2) A METROSMORPH TRADITIONAL RPG, DISGUISED AS NEW: Although the new fantasy action RPG is deeply rooted in the Vast World of the *Metropolis*, it draws heavily on the dark fantasy and merciless action of the *Metropolis*. This includes creepy and unsettling outfits, music, monster designs and more.
