A renowned assassin, Reaper awaits death and awaits the one who will extinguish his life. Born under the light, with a pure heart. The only thing left for Reaper is to live and die. However, he is more than ready to stop the war once and for all, now that he has found the Heart of the God, alias: Redeemer. His ultimate goal is to resurrect a Pale, or Soul of the God, and get back the power needed to destroy the barrier of death. Redeemer, if one exists, has been lost for thousands of years, and even if the Pale did exist, is it really worth fighting for the survival of the god? Reaper is more than just a single-player action-RPG. He has an in-game map editor, a peer-to-peer server for multiplayer games and a design tool called the Reaper Framework which provides a platform for players to collaborate on and work together on their projects. Features: •Massively Multiplayer Online •Real-Time multiplayer over Internet •Multiple player states •Huge playable area •Mission style with story •Dozens of items to collect •Voice acting in Japanese and English •Online support via Xbox Live •Steam™ integrated

support •Open Source •Supports keyboard and mouse, XBox360 Controller and keyboard, arcade sticks, or a gamepad •In-Game Map Editor

Re: Reaper 2.3.0 Release Notification The Reaper 2.3.0 I wish you all the best in your endeavors. Tell the world about this great game. Let the world know that Hexage not only makes fun games, but games that people want to play. Re: Reaper 2.3.0 Release Notification From the forums: - \*Reaper 2.3.0\* - \*Only\* JAPANESE SUPPORTED - \*No SP3 Support\* - \*No DLC support\* - \*Reboot required\* - \*Windows XP not Supported\* - \*No more Chinese translations\*

The current Reaper (we only ever call it Reaper 2.3.0 at Hexage for some reason) has been barely updated since we released it last year. We have some cool new stuff planned for Reaper this year. I think that we could have released Reaper 2.3.0 sooner. We've got a lot going on

In Purgatory, the savior of souls wondering this world. The Purgatory, a realm between life and death, is now corrupted forever by sins. You are the only one who can defeat the Hell's damnation and protect the divines. You can now become one of them. Join a faction, choose a job and join forces, and defend the last City against the alien forces! The narrative of Purgatory Guardian is based on a fictional epic by the Italian poet Dante Alighieri, the Divine Comedy. Developed By: Candy Love and Studio Nicolas Check our Twitter for daily news about the game: Contro\_Purgat is a mix between third person shooter, arena and tactical RPG. different archetypes that have access to special powers that enhance your combat abilities. As you explore the world you'll acquire new gears and level up, until you complete your journey. The world is not always easy. Success depends on the unfulfilled sins of the City and its inhabitants, you'll fight battles against different foes and levels, including hostile groups, dangerous bosses, mythical creatures, and the stronger gods of this world. How to play: The gameplay is just like a third-person action game. You can freely move anywhere and whenever. Your character can get hurt and incur damage which can cause you to be out of combat for a while. You can switch between three archetypes: Warrior, Templar, and Sorceress, each with different combat style. Each archetype has a particular series of special abilities, each with unique characteristics. NOTE: There is an option to change gender at the end of the main menu. 1. Choose your archetype at the start of a mission. 2. Right-click to activate the ability or item. Press 'Q' to switch. 3. Press 'X' to "Switch To Arcane" and hide the item. 4. Press 'Esc' to "Switch back To Arcane" and show the item. 5. Enter "Battle" or "Tactical" mode when an empty spot appears on the c9d1549cdd

You've never known what it feels like to crash land on an alien planet. Now you're going to find out. A horde of monsters attack the crash site, and you're the only defense. Fight off wave after wave of monsters, and dispatch them with any weapons you can find. Key Features:

- An action-packed battle for your life on a hostile alien planet
- Brutal arcade action gameplay in a retro sci-fi universe
- Enemies attack in real-time on-screen, and everywhere you look is a battle
- Electronic-inspired soundtrack from the creators of SUPERHOT
- Designed and developed by a team of Metroid fans for fans of Metroid

What's included:

- Weapon upgrades and power-ups including the all-out ultimate weapon, the Game Master, and more!
- Easy and flexible controls, perfect for any platform
- Extensive Training mode and challenges
- Original "Metroidvania"-inspired "Boss Rush" mode
- All-new "Workstation" mode, with 7 unique missions

The Game Master lets you detonate a bomb at will to clear the way for an incoming rush of enemies. When used correctly, its effects can be devastating. Advanced power-ups and extra weapons can be unlocked by completing challenges. Metroid fans will love the iconic "Metroidvania" gameplay in a new and familiar 2.5D setting. The Game Master can be bought with G-Caps, and enhanced with power-ups and extra weapons. The new Arsenal 3-shot ability allows you to fire off 3 missiles in rapid succession. About This Game: It's been over 70 years since the last Metroid adventure. An alien called Metroids have invaded Earth. The rebels of the Galactic Federation are preparing for war, but their plans are undermined by the efforts of Federation scientist Ridley. Key Features:

- Metroidvania gameplay in the 2.5D world of Metroid
- New gameplay features, such as the Super Missile (Super Missiles 3), Missile Barrage, and System Bomb
- Enemies and power-ups come back, but are transformed
- All-new "Boss Rush" mode

Metroid Prime 4 The galaxy's legendary bounty hunter Samus Aran faces a new and devastating enemy. The dangerous enemy is a mysterious creature called
