Daggerfall felt like a big black box to open and see how it works. There were rumors that there was a dragon somewhere in the game, so I went. There I saw something very much like a dragon. A crowd of monsters attacked me, and I, taking advantage of the fact that they were distracted by me, kicked their head with my foot. The dragon let out a terrible roar, and a whole crowd of monsters followed him. I then entered the interior of the dragon and
